

***Plus-Bag equals cover dressing options***

***Fenestrated Drain Sponge***

Sterile 2's in Peel-Back Package. Unique pre-cut T-slit conforms snugly around tubes. Eliminates the need for scissors, saves nursing time. Non-woven, product no loose threads to fall into site. Superior absorbency and fast wicking action helps reduce infections.

***Covaderm Plus***

Sterile 1's in Peel-Back package. Covaderm Plus is a multi-layered composite dressing. First, a non-adherent wound contact layer. Layer 2 is an absorbent pad. Layer 3 is a breathable polyurethane barrier film. Layer 4 is a conformable, adhesive coated fabric tape.

***Polyderm Border***

Sterile 1's in Peel-Back package. Polyderm Border is non-adherent, highly absorbent, lint free, polyurethane foam wound dressing. The cover is a stretchable fabric tape border that is very gentle to sensitive skin. Designed for effective management of exudating tube sites.
