PLUS-Bag stackable bins for easy access & identification

- 1.** Your facility clearly identified.
- 2.** Each **PLUS-Bag** is resident specific.
- 3.** Each **PLUS-Bag** states the month & year.
- 4.** Contents of each **PLUS-Bag** will include:
 - a.** Daily feeding bag, gravity bag or spike set depending on the prescribed formula (RTH/Can) and your choice of pump manufacturer.
 - b.** Daily bulb or piston syringe, with or without graduate, catheter or luer tip, including these manufacturers: Amsino, BD, LSL, Sherwood and Welcon.
 - c.** Drain sponge if requested by nursing. Options include: Covaderm, Excilon, and Polyderm.
- 5.** Enteral formula is shipped separately at monthly or bi-monthly intervals according to your instructions.
